### 2006-375 Blair Dining Table

A jewel in the round, the top of this table is a masterful play of the unique graining in ribbon stripe mahogany and the beauty of French walnut burl in the center. The legs are from a 4" x 4" mahogany square are turned, finely tapered, fluted and discretely gilded and tipped. The table serves as an elegant dining table, to fill a sunny bay or as the centerpiece in an entry hall.
