

2006-135 Hirondelle Console

Utterly captivating and remarkably useful, this versatile table charms with flirtatious curves and hidden drawers wrapped in a flurry of birds. The swallow, chosen as a symbol of welcome and prosperity, makes the design a perfect greeting as the front hall console. Also makes a rather delicate dressing table, writing desk or a conversation-starting sofa table – adding personality in every spot. Legs from a 4” x 4” mahogany square. Fully lined drawers.
