### 2006-137 Valise Side Table

Banded, buckled and set on graceful legs, this dramatic side table features classic lines in stiletto heels. An accent table with lots of possibilities and personality to spare, this fascinating design combines rich mahogany veneers with leather accents. Like the finest couture luggage, resplendent with handcrafted leather and brass tassels. Again, waterfall technique and a 4" x 4" mahogany square used to obtain shaped legs.

Leather top only. Standard finishes.
